The Cowboys are banking on Quinnen Williams to significantly bolster their defensive capabilities. His addition is expected to bring much-needed improvement to a defense that struggled last season. The team is hopeful that Williams' presence will help close gaps in their defensive line and increase pressure on opposing quarterbacks. With high expectations placed on

Changes This Year: The Cowboys fortified their roster in 2025 with key moves including signing OT La'el Collins and OG Geron Christian, while extending OT Tyler Smith through 2030. They added several players to their practice squad such as QB Will Grier and CB Robert Rochell to maintain depth. The team traded star LB Micah Parsons for NT Kenny Clark but continues to rely on a strong core led by Dak Prescott at QB.

The offense is struggling significantly. Geno Smith has been under constant pressure, and even when he's had some time to operate, his performance hasn't been impressive. Hopes that Chip Kelly could inject some vitality into the offensive unit seem to have been misplaced, as improvements simply haven't materialized.

Changes This Year: The Raiders enter the 2025 season with a new head coach, Pete Carroll, and a revamped roster including quarterback Geno Smith and rookie running back Ashton Jeanty. After a tough 4-13 record last year, they aim to improve with key additions on offense and defense but still face challenges, especially on the offensive line. The team is in transition, hoping the new coaching staff and players can help
